Reviewer’s report

Title: Using verbal autopsy to assess the prevalence of HIV-infection among deaths in the ART period in rural Uganda: a prospective cohort study, 2006-2008

Version: 2 Date: 1 May 2011

Reviewer: Melissa Marx

Reviewer’s report:

Thank you to the authors for considering each of the concerns I had. They have done a very thorough job in revising the manuscript to clarify it.

I have no further concerns or requests for revisions.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
